## CERTIFICATIONS

1. THE COMPLETE 2020 WEB DEVELOPMENT BOOTCAMP
2. PROGRAMMING FOR EVERYBODY (GETTING STARTED WITH PYTHON)

## SKILLS AND ABILITIES

**Java** - Experience  
**HTML** - Skillful  
**CSS** - Skillful  
**JavaScript** - Skillful  
**ReactJS** - Beginner  
**NodeJS** - Beginner

## INTERESTS

- Web Development
- Mobile Apps Development
- Artificial Intelligence
- Quantum Computing

## SUMMARY

I am an enthusiastic and driven Computer Engineering graduate currently in the 8th Semester for my bachelor's degree. Currently, I am working on my project using the MERN Stack development building online C2C and B2C market for medicines. Along with this, I am also looking to learn React Native for mobile app development.

## PROJECTS

### NETFLIX CLONE WITH REACTJS

- Created Netflix clone with React library using TMDB API.
- Used firebase for user authentication and deploying.

### PROSHOP WITH REACTJS

- created a simple e-commerce website using react and sample JSON file
- Used Postman to check the GET request.

### SOCIETY MANAGEMENT SYSTEM

- Designed a web portal where society members and secretary can interact and perform activities
- I worked as Front-end Developer in this projects and used HTML, CSS, Javascript, and Bootstrap for designing
- With this Secretary and society, members can make contact without any physical barriers and communication will be smooth between them.

## ACADEMIC PROFILE

### **ADITYA SILVER OAK INSITTUTE OF TECHNOLOGY, AHMEDABAD**

**Bachelor in Computer Engineering**

2017 - Present

9.1(CGPA)

### **DIVINE PUBLIC SCHOOL, NAVSARI**

**Secondary and Higher Secondary Education Board**

2015 - 2017

- Higher Secondary Board(10+2) - 59%
- Secondary Board (10) - 81%
